CRESTING PEAKS, NAVIGATING VALLEYS

Recovery is not a straight line to a destination. It's a lifelong journey with self-defined milestones. Whether it's reconnecting with a loved one or moving into stable housing, Evergreen Treatment Services participants accomplish incredible things despite the seemingly insurmountable obstacles. **Our participants move mountains to make changes that work for them, achieve goals on their terms, and stay in treatment.** We've been walking alongside our participants as they crest peaks and navigate valleys for more than fifty years.

During this time, we've seen our fair share of switchbacks. The rise of deadly fentanyl, the affordable housing crisis, harmful stigma, and an uptick in unsheltered homelessness make the path of recovery from substance use disorder seem especially steep. But our participants are not on this trek alone. Our interdisciplinary team knows these challenges well. ETS staff move mountains to level the trail as much as possible for our neighbors amidst interconnected, multifaceted challenges.

every day.**

INAUGURAL EVENING GALA

After seven years as a luncheon fundraiser, ETS's signature Roots of Recovery event is transforming. **Support our inaugural gala Saturday, May 31 at Summit**, the Seattle Convention Center's newest addition.

The event will begin at 6 p.m. with live entertainment and craft beverages. We will then wine and dine you while we get inspired by stories of lives transformed in our very own community. The evening will culminate in a lively paddle raise and dessert dash to support Evergreen Treatment Services' participants and programming.

HELP US MOVE MOUNTAINS

Friends, colleagues, and community leaders will come together to move mountains—for our patients, clients, and communities. This event provides new opportunities for you to:

DEMONSTRATE COMMITMENT TO OUR COMMUNITY

Your sponsorship will demonstrate your commitment to social justice and compassion for family, friends, and neighbors who face systemic barriers to treatment and stable housing.

EXPOSURE TO NEW AUDIENCES

We expect 500+ influencers from the business, government, philanthropy, and nonprofit sectors to attend.

SEE A SUBSTANTIVE RETURN ON YOUR INVESTMENT

By investing in our work, you contribute to a safer, healthier, and more just world for all. Risk of death from overdose drops 60 percent for individuals receiving recovery services. In addition, evidence shows that our programs reduce crime, decrease hospital stays and use of emergency services, and help people find housing and employment.
